Our versatile LGX style Adaptor Plate can be used in a wide range of products including wall/tamper resistant boxes and panels. The plates are interchangeable which means that you can use them for different applications depending on the customers' needs. Having the choice of a wide range of adaptors offers a flexible solution to the user. The LGX adaptor plate can be used in data centres, telecommunication networks, security networks, demarcation point and more.

Features

- Suitable for SC, LC, ST, FC & E2000 adaptors
- Interchangeable for a wide range of products
- Easy to install with either fastening pips or screw in
- Ranges from low to high density fibre counts
